**Program**

San Engle, Sr. presented a program on the history and handling of the American Flag. Sam, a member of Kiwanis since 1967, had led an annual program on Flag Day, June 14, until a couple of years ago. On Flag Day people across America stops at the same time to pause and say the Pledge of Allegiance to our flag.

Consider joining this group of patriots on June 14 at 4 pm PST.

Today, Sam with the help of Scout Max Higginbotham presented us with a brief history of the American Flag. There have been 27 changes

to our flag since its inception. Sam and Max had 4 versions of our flag as well as a flag of the British Colonies.

In May 1776, Betsy Ross designed and constructed a flag for the new American Republic. It consisted of 13 alternating stripes of red and white, representing the 13 original colonies,, with a union of 13 stars in a circle on a blue field.

Our flag was first approved by congress on June 14, 1777. Its design was essentially the same as the Betsy Ross Flag.

In 1775 with the addition of Vermont and Kentucky to the Union, a flag of 15 stripes and 15 stars was adopted.

By 1818, with more states joining the union, the current design of 13 red/white stripes, representing the 13 original colonies and a white star for each state in the Union was adopted.

After our history lesson, Sam presented a video of how to properly dispose of a worn American Flag. The proper method is to reverently burn the flag. Sam will properly dispose of any flag brought to him.

Guess who won big bucks! Nancy Serpa, AGAIN!

We 'sang' Hail Kiwanis.
