Steve announced 'final call' for the Christmas Party. He noted that it will be a FUN TIME!!!

There was time for some Happy Dollars. So many, in fact, we ran out of time!

Kiwanitas--- January 4, Gourmet 88. RSVP to Mary Dunn at dunnda@sbcglobal.net

Steve Veres introduced Peter from the Wildlife Waystation who gave a wonderful and informative program describing the facility and introducing us to many of the animals who live

there. Opening in 1976, it is a 160A sanctuary shelter to animals that have been injured, discarded, abandoned and not wanted. They have rescued 77,000 animals and do not return them to the wild, because they would not survive. Volunteers do enrichment for animals. Animals are important to us. We need to learn to live together. Peter volunteers every Wednesday.
